

WHITPAIN TOWNSHIP

PARK MEMORIAL PROGRAM

Whitpain Township recognizes that benches and trees in parks can be a perfect way to memorialize a loved one. Whether it's a tree in a favorite section of woods, a bench along a trail or the idea of planting something new to start a new circle of life, we can help work with you.

Our memorial program allows for the installation of a bronze plaque on an existing bench or the purchase of a new bench. A plaque on a tree already in one of our parks, or the selection of species and site for a new tree. Pricing is below, please contact our Director of Parks and Recreation with any questions at 610-277-2400.
